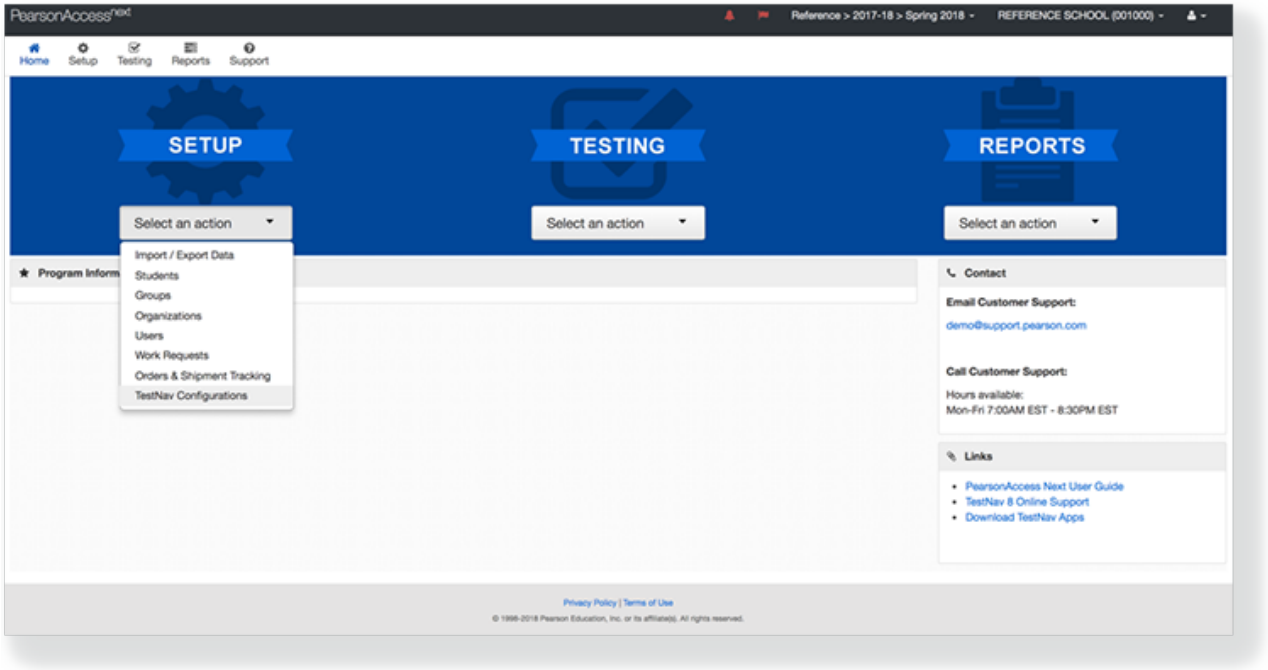
Delete ProctorCache TestNav Configurations

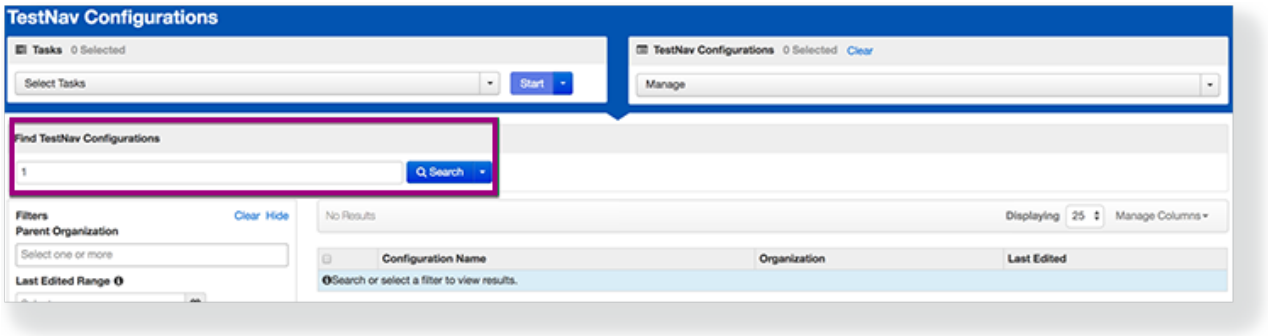
You can delete a previously used TestNav configuration when you no longer need to use it.

Step-by-Step

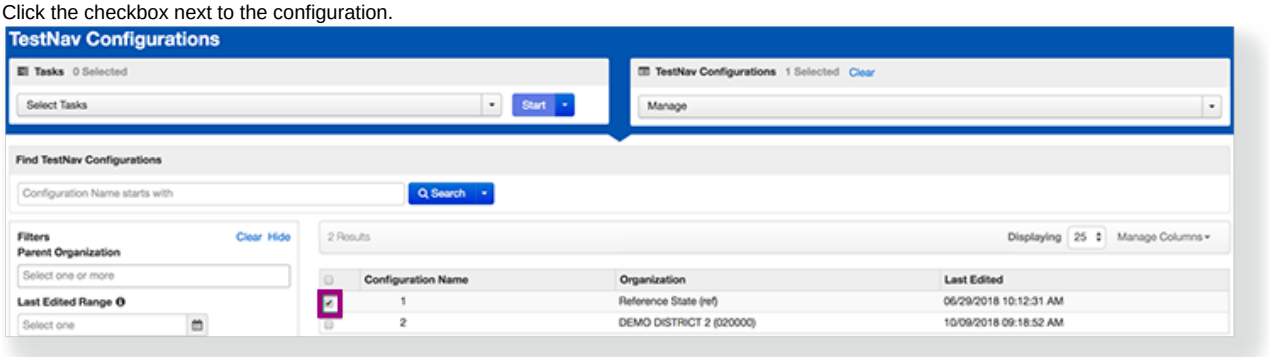
1. From **Setup**, select **TestNav Configurations.**



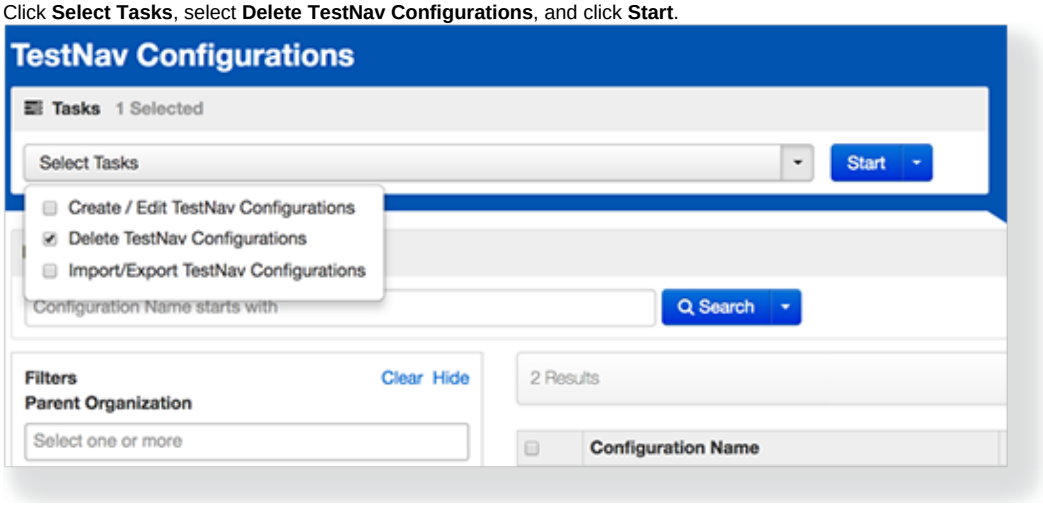
2. Type a configuration name into the search field, and click **Search.**



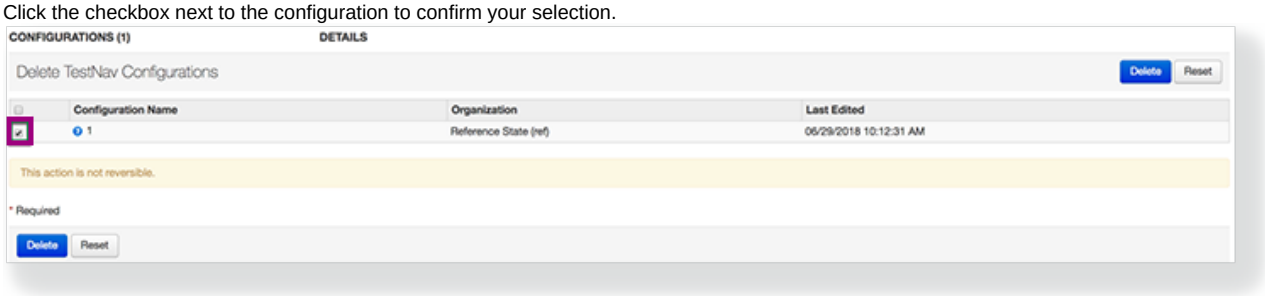
3. Click the checkbox next to the configuration.



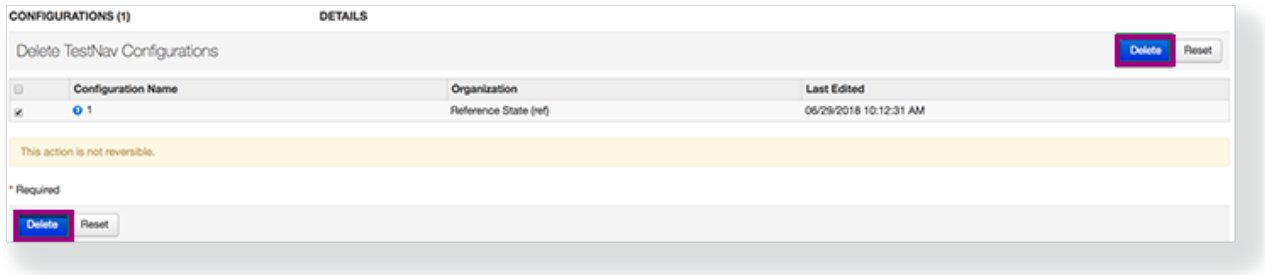
4. Click **Select Tasks**, select **Delete TestNav Configurations**, and click **Start**.



5. Click the checkbox next to the configuration to confirm your selection.



6. Click **Delete**.



Effects

After you delete a configuration, you cannot restore it.
