

Create an Account

To sign up and create an account, follow these steps.

1. From the login page, click **Sign Up**. You are immediately asked for a key word. A key word is like a password. It is unique to your program and is used as an extra security step to create a profile. The key word is supplied by your school administration.
2. Enter the key word and click **Go!**.
3. Enter the required information and click **Submit**.

Related Information

You are required to sign up and create a profile so that your scores can be saved and connected to you.

Anyone who has an email address and knows the key word can sign up and create a profile.

If you forget your password, see [Reset Your Password](#).

If you forget or cannot access your email address, see the email address information in [Reset Your Password](#), under Related Information.
