

# Edit an Order for Materials

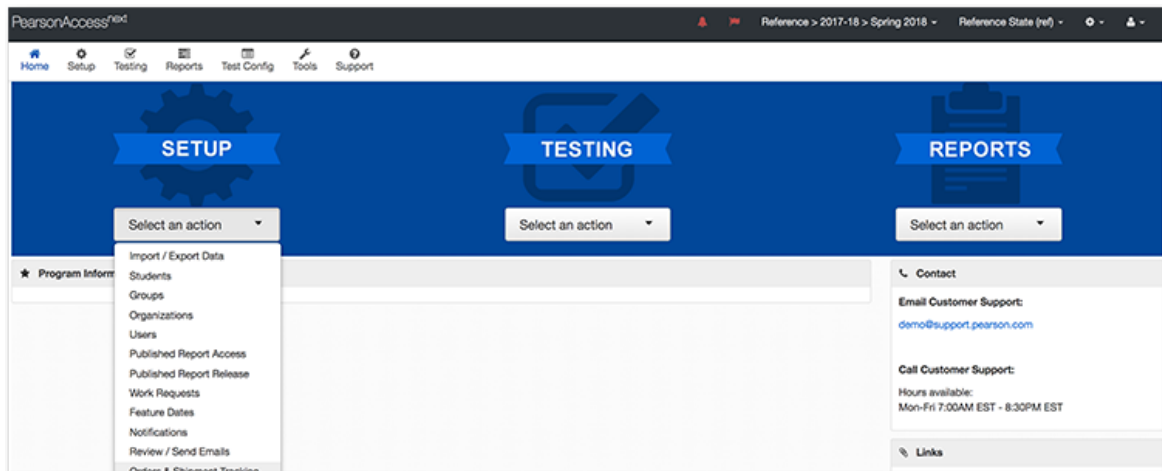

You can edit an unprocessed [order](#) to adjust the details and quantities.

---

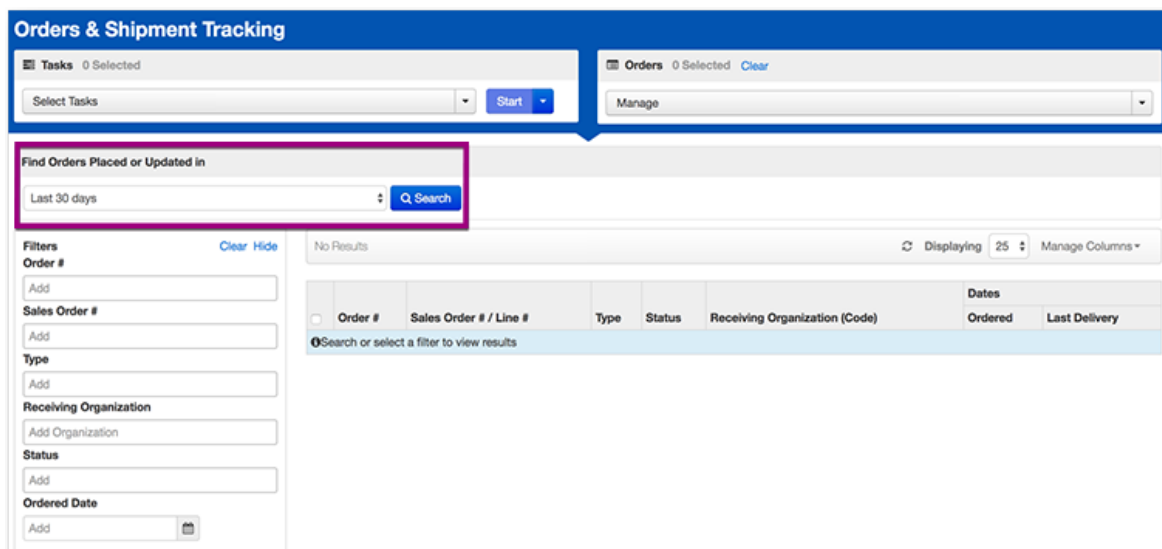

## Step-by-Step

1. From **Setup**, go to **Orders & Shipment Tracking**.

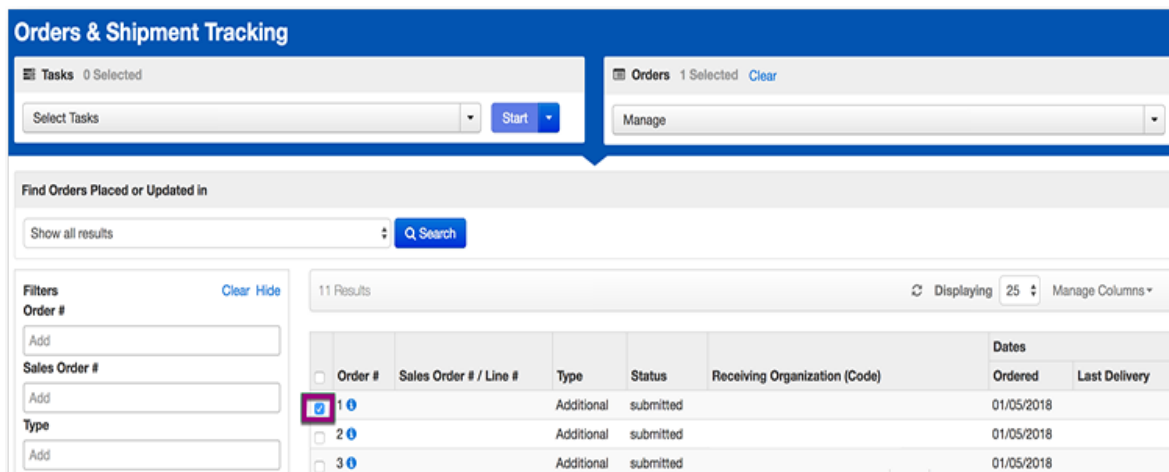

2. Select a period of time to search in the **Find Orders Placed and Updated in** dropdown, and click **Search**.

3. Click the checkbox next to the order.

4. Click **Select Tasks**, click **Create / Edit Orders**, and click **Start**.

5. Select your order from the **Additional Orders** list.

**6. Select/type information to update order details.**

## Effects

If the order has been submitted, but not yet approved, you can adjust the details and change the number of materials ordered, using the same steps as above. After you make changes, click **Save**.

You cannot edit an order that has been processed. You can only view the [order status](#).

You can click the information icon  to view delivery and tracking information. The [status](#) represents where the order is in the delivery process.
