

# Status Roster Report Details

For navigation instructions, see [Access Transcend Reports](#).

The **STATUS ROSTER REPORT** shows a group of students' estimated performance on a single test. This includes the subject-area and domain scale scores, and standard deviations.

You can click arrows at the top of any column to sort that column.

- 1 - Click the info icon on the right to display info icons on the report. Click those to view details on each report element.
- 2 - The **Level** column indicates the estimated performance level for each student in that subject. The circular chart color represents the student's estimated performance level, surrounded with a confidence band.
- When a student is placed in the lowest performance level, the confidence band around the circle reflects the likelihood that the student is placed in the lowest performance level.
  - When the performance level is one **other than the lowest performance level**, the confidence band around the circle represents the likelihood that the student is placed in that performance level or above it.

- 3 - The **Score** section contains
- Numbers that reflect the mean and standard deviation of the students' scores for the subject and each of its domains (for example, above, the **Math** overall score of **424<sup>±23</sup>** means that the scores can range from 447 to 401).
  - Charts that show the distribution of the students' scores.
    - The horizontal line at the bottom indicates the score range (for example, 300-500) and the vertical peaks rise to indicate the number of students who received that score within that range.
- 4 - The information **in the first cell** of each **Score** section column summarizes the entire group of students.
- The numbers show the score and its standard error of measure.
  - The chart graphically illustrates the probable range of scores for that student group.
- 5 - Student rows show the individual students' scores overall and in each domain.
- The numbers show the score and its standard error of measure.
  - The chart graphically illustrates the probable range of scores for that student.
- 6 - Click a student name to go to that student's **STATUS AND GROWTH REPORT**.
