## K-2 PRoPL Overview

The Pearson Review of Progress & Learning (PRoPL) is a computer-based interim assessment intended to be administered three times throughout the school year to measure student growth. PRoPL covers a broad set of academic standards to provide information about what students have and have not learned. PRoPL is an untimed test, although most students complete a PRoPL assessment in about 30 minutes.

PRoPL is based on a common state summative assessment blueprint and covers a broad set of assessable academic standards. Because PRoPL is designed to support an interim assessment purpose, the PRoPL test blueprints are proportionately shorter than most summative assessments. PRoPL measures for K-2 reading and math are currently fixed forms or non-adaptive, with plans to make them computer adaptive in the future.

PRoPL is designed to provide scores for a specific content area (i.e., math or reading). In addition, PRoPL provides information by reporting category, (e.g., Reading for Information or Numbers and Operations) and growth in student performance from one assessment to the next within a given instructional year.

There are six key reports available for grades K-2:

- [District or School Performance Dashboard](#)
- [Program Report](#)
- [Performance Report](#)
- [Class Report](#)
- [Test Report](#)
- [Individual Student Report](#)

# K-2 Score Reporting Information

K-2 students will receive overall scale scores and a reporting category profile measure for each PRoPL test taken.

## Reporting Categories

PRoPL provides results for the overall content area as well as by reporting category (RC, in the table below). Test questions are aligned to standards which fall within each of the reporting categories. For grades K-2, reporting category scores will not be provided in 2023-2024 but item level information will be available.

Reading			
Grade	Reporting Category Name	Reporting Category Label	Reporting Category Report
K - 2	Reading Literature	RC1	Item-level Result
	Reading Foundational	RC 2	Item-level Result
	Reading Foundational	RC3	Item-level Result

Math			
Grade	Reporting Category Name	Reporting Category Label	Reporting Category Report
K	Counting and Cardinality	RC1	Item-level Result
	Operations and Algebraic Thinking	RC2	Item-level Result
	Geometry and Measurement	RC3	Item-level Result
1 - 2	Number and Operations in Base Ten	RC1	Item-level Result
	Operations and Algebraic Thinking	RC2	Item-level Result
	Geometry and Measurement	RC3	Item-level Result

## Scale Scores

PRoPL reports on overall content area performance using scale scores. Scale scores are raw scores that have been adjusted and converted to a standardized scale to enable comparisons of student performance across tests within a subject area and grade level. The scale score range for PRoPL kindergarten is 100-200, and grade 1-2 is 200-300. PRoPL results provide visualizations indicating where average scores or a student's score falls within the scale score range.

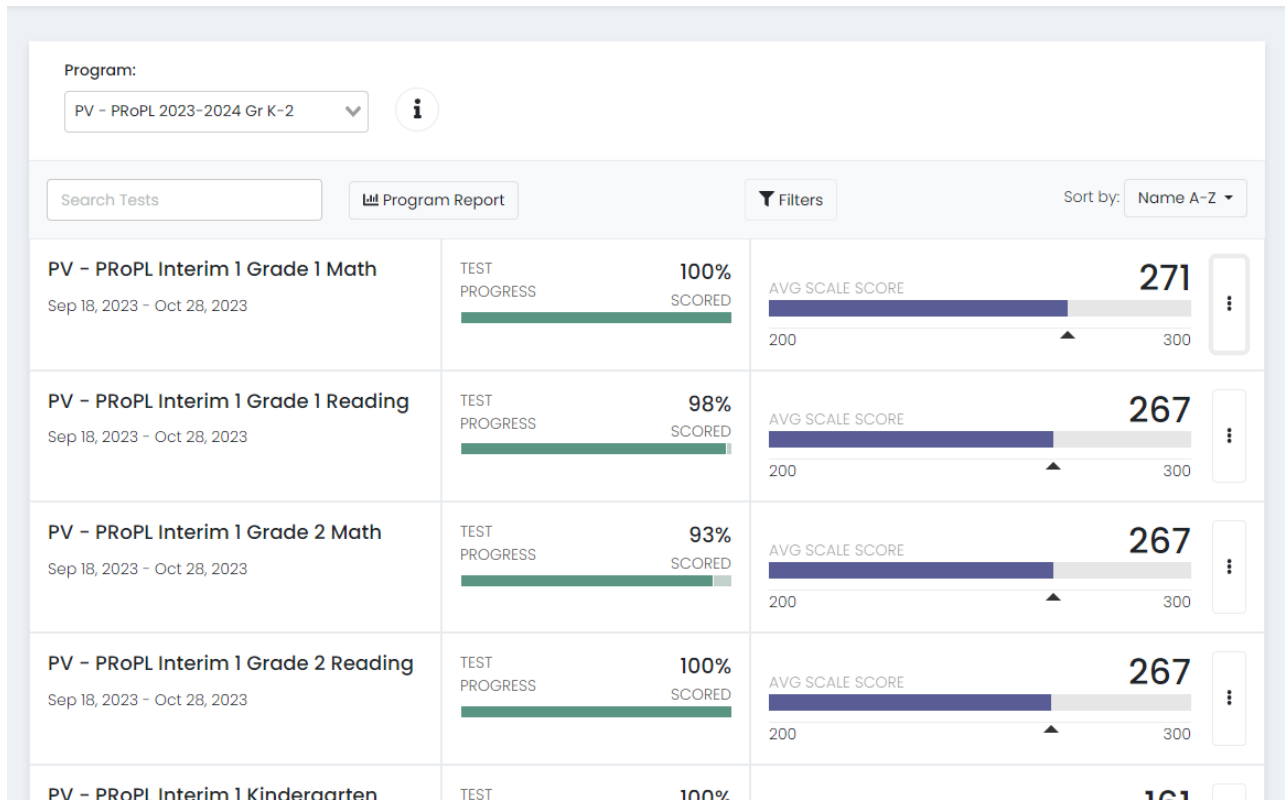

# K-2 PRoPL Reports

## District or School Performance Dashboard

This dashboard can be used by school and district administrators to monitor test progress (i.e., completion) and to view the average scale score of each test. It is also where the **Program Report** is accessed, as well as the **Performance Report** for individual tests.

Performance Dashboard of **PRoPL**

Home > Performance

To access the **Performance Dashboard**:

1. Go to **Reporting > Performance**.
2. Select the **Program**, "PRoPL 2023-2024 Gr K-2".

From the **Performance Dashboard**, you can

1. Click the **Program Report** button to open the **Program Report** or,
2. Click on a row to open the **Performance Report** for a specific test.

# Program Report

The **Program Report** shows aggregate student performance data for each test. As of January 2024, the Program Reports includes data from Interim 1 and Interim 2 so comparisons can be made across test PRoPL administrations (i.e., Interim 1, Interim 2, Interim 3).

The screenshot shows the 'Program Report' interface. At the top, there is a breadcrumb trail: Home > Performance > Program Report. The main header area includes 'Test Program' (PRoPL 2023-2024 Gr K-2) and a 'Scope' dropdown menu set to 'PRoPL'. Below this are three filter sections: 'Grades' (All Grades...), 'Content Areas' (All Content Areas...), and 'Test Windows' (All Test Windows...). An 'Edit Report Settings' button is located to the right of these filters. Below the filters, there is a section titled '6 Result Groups' with an 'Export Report' button. The main data is presented in a table with the following structure:

Grades	Content Areas	Test Windows	Students	Scale Score
01	Math	Interim 1	166	252
	Reading	Interim 1	173	245
02	Math	Interim 1	188	247
	Reading	Interim 1	193	240
KG	Math	Interim 1	176	143

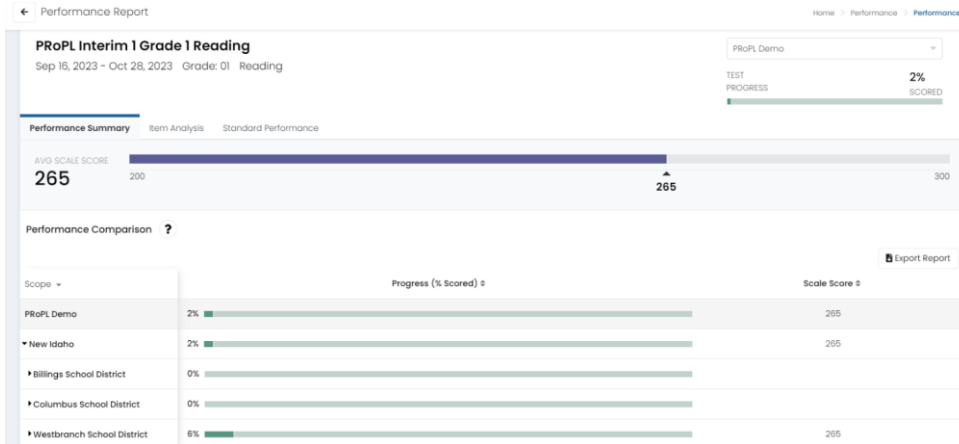

The report can be filtered to include specific grades, content areas, and test windows. At the top right, there is an export option.

# Performance Report

The **Performance Report** shows student progress and performance on each test at the district or school level. A variety of views and filters are available to access data for individual schools and classrooms.

## Performance Summary

This report shows the average scale score earned by students on the test. Using dropdown options, administrators can look at student performance across schools or classes (based on district or school admin status).

Administrators can also click on an individual school or class to access more detailed information on performance on the test at that location.

## Item Analysis

District and school administrators can see which standards were covered on the test and how well the students performed on each item. The reporting category is also included for each item on this report.

Item #	Item Type	Primary Standard	Mean Score	Max Score	Correct Response	Reporting Category
1	Directions		0	0		
2	Choice	CCSS.Math.Content.1.NBT.A.1	0.66	1	B	RCI
3	Choice	CCSS.Math.Content.1.NBT.A.1	0.66	1	B	RCI
4	Choice	CCSS.Math.Content.1.NBT.B.2	0.57	1	A	RCI
5	Choice	CCSS.Math.Content.1.OA.C.5	0.64	1	A	RCI
6	Choice	CCSS.Math.Content.1.NBT.C.5	0.66	1	B	RCI

### Item Performance Comparison

By selecting this tab, district leaders can compare the relative student performance of a school within their district to the overall district performance by item.

# Teacher Report: Class Report

Teachers access the **Class Report** by selecting a class from the “**My Classes**” page.

There are two views on this report: **Roster** and **Administration**. The **Roster** view shows the class average and individual student scores for each test. Teachers can compare performance between interim administrations (e.g., Interim 1, Interim 2, Interim 3).

Student	ProPL Interim 2 Grade 1 Math Demo Administration	ProPL Interim 2 Grade 1 Reading Demo Administration	ProPL Interim 1 Grade 1 Reading Demo Administration	ProPL Interim 1 Grade 1 Math Demo Administration

# Teacher Report: Test Report

Teachers access the **Test Report** by clicking on a test on the **Class Report**.

There are 3 tabs within the **Test Report: Performance Summary, Item Analysis, and Standard Performance**

## Performance Summary

The Performance Summary shows test progress and the scale score for each student in the selected class.

## Item Analysis

The Item Analysis shows how students performed on the test by item, the associated standard to which the item is aligned, item type, and reporting category level.

# Family Report: Individual Student Reports

Teachers can click on a student name in the Class Report or Test Report to access that student's Individual Student Report (ISR).

The ISR will show a student's growth or change in performance across interim assessment administrations (i.e., Interim 1, Interim 2, Interim 3).

Below is a sample ISR for a grade 1 student.

PRoPL

ProPL Student Report

Report Date:  
01/09/2024

District:  
Westbranch School District

---

### Individual Student Report

This Individual Student Report (ISR) shows your student's results from the most recent Pearson Review of Progress and Learning (PRoPL) assessment. These scores provide an indicator of your student's progress toward end of year academic goals. Beginning with Interim 2, the ISR provides a measure of student growth between Interim tests. These results can be discussed with your student's teacher to provide encouragement, feedback, and to inform educational support where needed.

---

### Reading Overview

The table below shows the number of questions your student saw on the test, how many questions your student answered correctly, and the scale score.

The scale score bar graph shows your student's scale score on the PRoPL Interim Reading Assessment within the range of all possible scores. Beginning with Interim 2, the plot will show a comparison between interim test score results. The difference between the scale scores represents your student's growth.

Reading	Item Count	Student Score	Scale Score
Score Summary	12	7	256

Test: PRoPL Interim 2 Grade 1 Reading Window: Interim 2 Date Tested: 01/04/2024

# Additional ADAM Reports

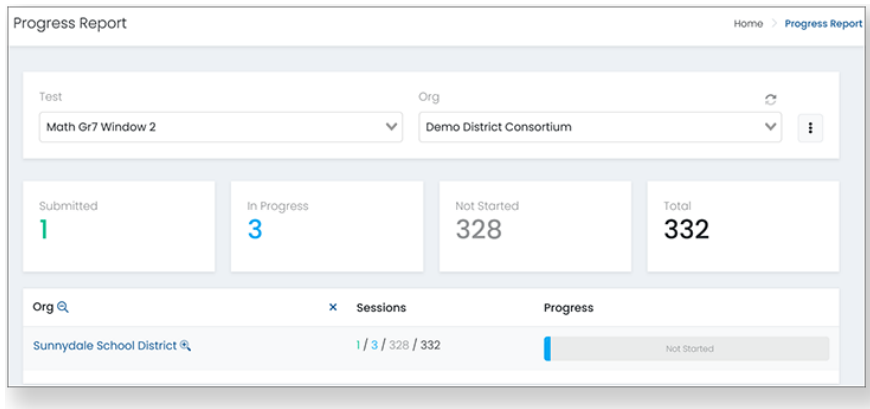

ADAM offers additional reports to district and school administrators. These reports are not specific to PRoPL users.

You can read more about the reports on the ADAM support site:

<https://support.assessment.pearson.com/as/reporting---test-administration-102761844.html>. A brief overview is below.

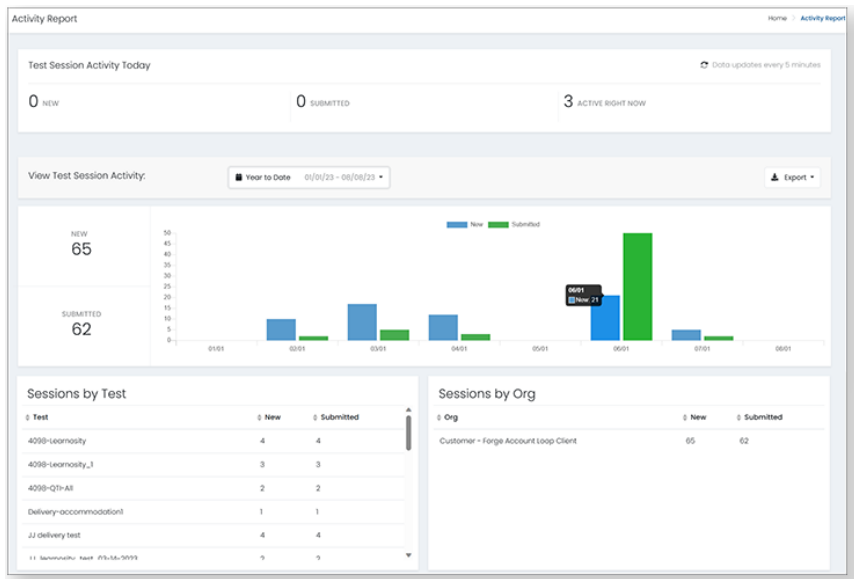

## Progress Report

The Progress Report shows the status of a selected test.

## Activity Report

The Activity Report shows the activity on all test administrations over a selected time period.

# Key Report Features

The PRoPL reports have several key features to support navigation, interpretation, and use. Before accessing and interpreting the reports, familiarize yourself with some of the functionality.

## Exports/Downloads

Reports that contain school, class, or student level information include an export functionality.

## Sorting

Sorting arrows are included on reports with multiple columns so that educators can easily group students.

Progress (% Scored) ↓

## Hover

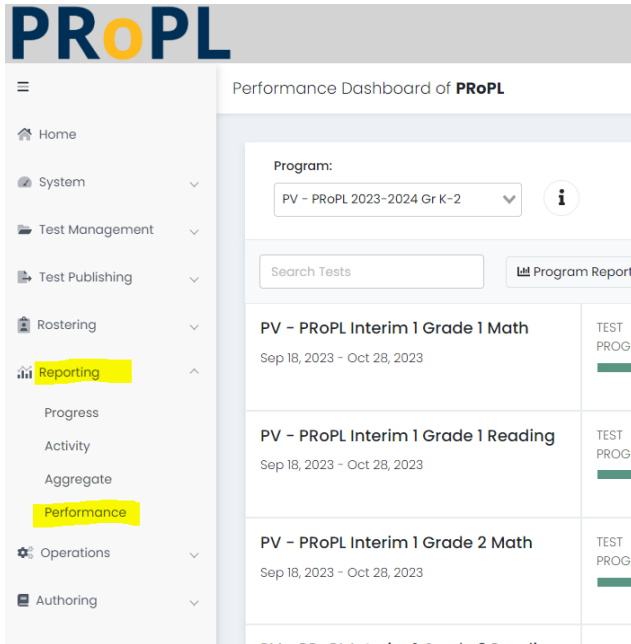

Additional information is provided by hovering the cursor over the bar graphs to support interpretation of the data.

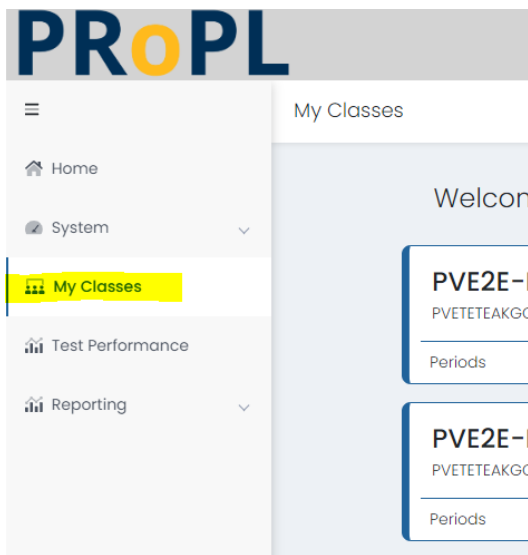

# Accessing PRoPL Reports

To access PRoPL reports, users must log in to ADAM. School users are rostered to ADAM via Pearson’s Launchpad tool. To log in to ADAM, users should go to Clever, select “Launchpad”, and then select “ADAM”. Once ADAM is selected, the user will automatically be signed in via SSO.

**School and district administrators** will access reports by going to “Reporting” in the left navigation menu and selecting “Performance”.

**Teachers** will access reports by selecting “My Classes” in the left navigation menu.

PRoPL reports are permissioned based on user roles in ADAM.

The following users have access to all reports within the district:

- District Admin
- District Admin Plus

The following users have access to all reports at an assigned school:

- School Admin
- District Admin
- District Admin Plus

The following users have access to all reports for a class or student:

- Teacher
- School Admin
- District Admin
- District Admin Plus
