

## Getting Started with Classroom Level Reporting

On the Schoolnet home page (My Schoolnet) and the Reporting Dashboard, find student assessment information to identify student needs based on recent assessment data. You can view overall and standard performance for benchmark, classroom and available standardized tests. Shortcuts provide quick access to additional reports.

On the home page, My Schoolnet, use the My Classroom 'widget' to select the class of students you wish to view. Administrators have additional menus to select a teacher and school if applicable.

## My Schoolnet: District & Local and Classroom Tests

In the home page Classroom Assessment Monitor widget, the District & Local Tests and Classroom Tests tabs function the same way; the only difference is the category assigned to the test. For current year tests, view overall performance for the selected class.

Shortcuts to other reports

# Getting Started with Classroom Level Reporting

Below the overview, find results for each student in performance order. Filter list by score group(s). In the Performance by Standard menu, select a tested standard to filter the view.

This screenshot shows the 'Performance by Standard' view. At the top, there are two tabs: 'Overall Performance' and 'Performance by Standard'. Below the tabs is a 'Filter Students' section with radio buttons for 'Non Proficient', 'Below Average', 'Above Average', and 'Advanced'. A callout points to the 'Filter Students' section, stating 'Select to filter student list (your level names will vary)'. Another callout points to the 'Performance by Standard' tab, stating 'Toggle between overall and standard performance'. A third callout points to a vertical scrollbar, stating 'Scroll'. Below the filter section is a table with columns for student names, percentages, and score groups. A callout points to the student names, stating 'Names link to Student Profile'. Another callout points to a bar chart in the table, stating 'Score group on prior tests: hover over for details'. The table data is as follows:

Student Name	Percentage	Score Group	Prior Test Score Group
Gordon-Ali, Karalina	93.3% (14/15)	Advanced	Advanced
Brink, Robert IV	86.6% (13/15)	Advanced	Advanced
PIDOCK, Araya	% (12/15)	Advanced	Advanced

## My Schoolnet: Standardized Tests

Under the Standardized Tests tab, select a test date or as the most recent available standardized test data available per student. The numbers in the cells represent the percentage of students in a section who earned a proficient score for the tested subjects. Scores appear by student for the selected subject. Click another subject to change the view. The colored boxes indicate the score groups. Under "Filter By Score Group," roll your cursor over a square to view the associated score group or click the square to filter the students.

This screenshot shows the 'Standardized Tests' view. At the top, there are four tabs: 'District & Local Tests', 'Classroom Tests', 'Standardized Tests', and 'Test Management'. Below the tabs is a 'Test Name' dropdown set to 'State Achievement Assessment' and a 'Test Date' dropdown set to 'Most recent per student'. Below these are four subject buttons: 'MATH 83%', 'PARENT RE... 92%', 'SOCIAL ST...', and 'SCIENCE'. A callout points to the 'MATH' button, stating 'Click to view subject'. Below the subject buttons is a note: '\* Numbers displayed represent the percent of students in a section who scored proficient'. Below this is a 'Standards Mastery' section with a 'Filter By Score Group:' label and a row of colored squares. A callout points to these squares, stating 'Hover to see score group name; click to filter'. Below the filter section is a table of student scores. A callout points to the student names, stating 'Names link to Student Profile'. Another callout points to a bar chart above the table, stating 'Shortcut to additional report'. The table data is as follows:

Student Name	Score	Date
Searl, Coreion	27.0	05/01/2016
HANLON-FABER, Jalisa	41.0	05/01/2016
Hendrix, Mitchell	Score: ...	05/01/2016
Rolon, Fletcher	36.0	05/01/2016
Mebrшту, Matthew	36.0	05/01/2010
Virden, Morgan	45.0	05/01/2016
Red Day, Austin	51.0	05/01/2016

# Getting Started with Classroom Level Reporting

## Reporting Dashboard: Classroom Level

The Reporting Dashboard provides a way to easily see and filter all assessments for a selected class. Depending on available site data and configurations, there is a link in

the upper right to change the view between current and past students. Underneath the enrollment filter is a shortcut to the KPI Dashboard and also Standards Performance, which can be used to compare multiple assessments.

### Test Results Tab

By default, teachers will see their name and a menu to select a class or multiple sections of the same course. There are filters to limit which tests appear on the dashboard. When a class is selected, all links to reports go to classroom level reports.

Click your name to switch to school or district level
