

Delete Previously Created TestNav and Proctor Caching Configurations

On this page:

[General Information](#) [Instructions](#) [Effects](#)

Search

You can delete a previously used proctor-caching configuration when you no longer need to use it.

Step-by-Step

(Click  to view image)

1. From **Setup**, select **TestNav Configurations**. 
2. Type a configuration name into the search field, and click **Search**. 
3. Click the checkbox next to the configuration. 
4. Click **Select Tasks**, select **Delete TestNav Configurations**, and click **Start**. 
5. Click the checkbox next to the configuration to confirm your selection. 
6. Click **Delete**. 

Effects

After you delete a configuration, you cannot restore it.
