TestNav System Requirements

On this page:

Hardware Requirements Software Requirements

These reflect minimum and recommended requirements; however, some customers slightly vary requirements for their specific organizations.

> Do not use devices that take 10 seconds or more to start/run applications.

Hardware Requirements

Requirement	Details
Processor	x86/x32 and x64; AMD, ARM*, or Intel-based™
Memory	4 GB RAM; *Minimum - 2 GB RAM* • *Linux and iOS* - 2 GB RAM*; Minimum - 1 GB RAM*
Screen Size	9.5-in
Resolution	1024 x 768

Other	• External keyboard and mouse (or touchpad) for touchscreen devices
	  • Android, Windows (*required*)
	  • iOS (*recommended*)
	• Local File access to home directory
	  • OS X, macOS
	  • Windows
	• Wired keyboards (*recommended*)
	• Convertible Chromebooks - **no tablet mode**

⚠️ **Virtual Environments**

- Some customers successfully use virtualization/thin clients; however, Pearson *does not provide support f*or these technologies.
- Those using these technologies are responsible for their virtualized environment security and performance.
- *Prior to high-stakes testing, c*ustomers should compare virtual environment performance to that of a non-virtual environment.

*Not supported on Windows

Software Requirements

Upcoming Support Changes

Pearson aligns support requirements with changing technologies. *See the TestNav System Requirement Policy for details*.

Support Ending

⌄ 2020-21 School Year...

Pearson may further update this list as the school year approaches.

- Windows 7 and 8.1

When updates are released, *Pearson first tests a beta version* and reports bugs to developers. When the final version is publicly released, Pearson *also tests this version* to ensure TestNav compatibility *before* supporting it. When hardware or software deprecates, *Pearson drops support for it*.

TestNav App Update General Info

Customers may take app releases at varying times, depending on testing sessions. Methods for app updates vary by app and OS.

⌄ Update Methods...

Auto update - No action required*:

- Android
- Chrome
- Windows Store

Download from App Store:

- iOS app

Download from download. testnav.com:

- TestNav desktop app

*Unless the auto-update feature is disabled. If disabled, download updated versions from the appropriate app store.

Calculate upcoming support changes...

Annually, Pearson updates support requirements based on the TestNav System Requirement Policy.

Districts should use this policy to determine annual purchasing needs and prepare devices.

Secure Testing (TestNav Apps Only)

For high-stakes tests, TestNav apps run in **kiosk mode** to prevent students from accessing any other web pages or applications while testing.

Devices /OS	Supported Versions	Download TestNav	Setup Instructions
Tablets, Chromebooks, Chromeboxes			
~~Android~~	~~7.0~~ `For info on Android, see TestNav - Android App and Secure Testing	From Google Play	Set Up TestNav on Android
