Student Test Status Key

- Ready
- Resumed, Resumed Upload
- Active
- Exited
- Completed, Marked Complete

Status	Description
Ready	<p>A student was assigned a test, but has not started the test.</p> <p>You cannot stop a session for students in Ready status.</p>
Resumed	<p>The student has been authorized to resume the test, but has not yet signed in.</p>
Resumed Uploaded	<p>The student has been authorized to resume the test, but has not yet signed in.</p>
Active	<p>The student has signed in and started the test.</p> <p>If the student exits the test and the status is Active, the student cannot resume testing unless an authorized user changes the status to Resumed Upload.</p>
Exited	<p>The student has exited TestNav but has not submitted test responses.</p> <p>The student cannot resume testing unless an authorized user changes the status to Resumed.</p> <p>If the student will not resume testing for any reason, an authorized user must change the status must to Marked Complete, as described in Mark Student Tests Complete.</p>
Completed	<p>The student has submitted the test through TestNav and the data has been processed. You can undo the status only by undoing a student test submission.</p>
Marked Complete	<p>The student has exited TestNav or never signed in to a test, and will not resume the test. The test session needs to be stopped. You can undo the status only by undoing a student test submission.</p>
