

_PAsup_Groups_Search_ShowAllResults

The screenshot displays a web application interface for managing groups. At the top, a blue header contains the word "Groups". Below the header, there is a "Tasks" section with a "0 Selected" indicator and a "Start" button. To the right, a "Groups" section contains a "Manage" button. The main area is titled "Find Groups" and features a search input field with the placeholder text "Name starts with" and a "Search" button. Below the search field, a "Filters" section is visible, including a "Type" dropdown menu currently set to "Organizations" and "Clear Hide" links. A dropdown menu is open over the "Search" button, showing a checked option "Show all results" and a yellow tooltip that reads "This action clears the search and filters". Below the search and filter sections, a table displays search results. The table has columns for "Name", "Class", and "SCHOOL (2343)". One result is visible: "GROUP" under "Name", "Class" under "Class", and "SCHOOL (2343)" under "SCHOOL (2343)".
