

View OnDemand Reports

You can access OnDemand reports to view student assessment results/details in real time. Feature availability varies by program.

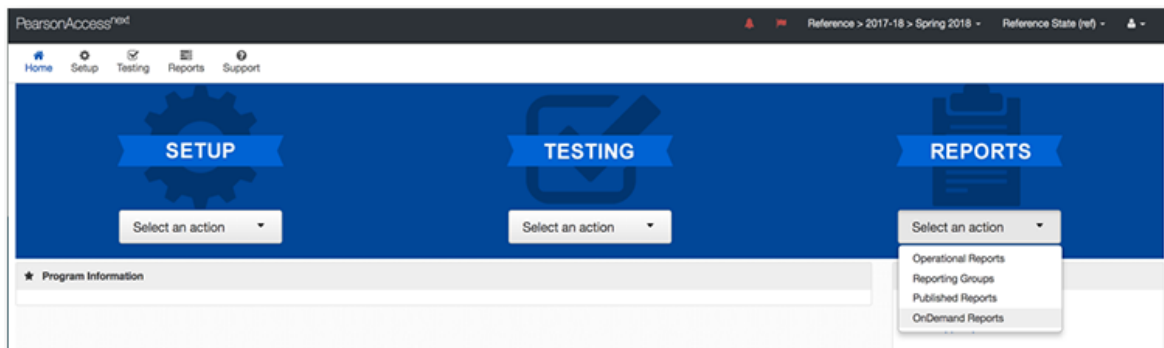

▼ You can access two types of OnDemand reports...

- **The Student Detail Report** displays student(s) assessment details, including graphs, overall score, and sub-scores.
- **The Student List Report** displays all the students and their assessment details based on the selected filters.

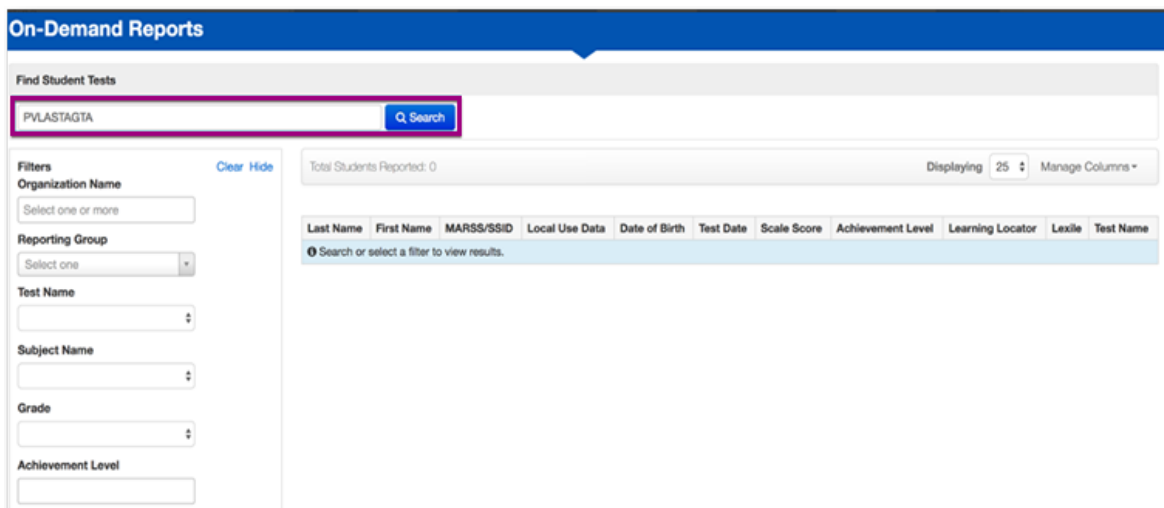

Depending on the selected filters, report details vary.

Step-by-Step

1. From **Reports**, select **OnDemand Reports**.

2. Type student names into the search field, and click **Search**.

3. Click the information icon  to view the student report.
