

_PAsup_StudentsinSessions_Search_ShowAllResults

The screenshot displays a web application interface for managing sessions and searching for students. At the top, a blue header contains the title "Students in Sessions" and a link "Go to Sessions »". Below the header, there are two main sections: "Tasks" and "Students in Sessions".

The "Tasks" section includes a "Select Tasks" dropdown menu, a "Start" button, and a "Manage" button. The "Students in Sessions" section features a "Session List" with an "Add a Session" button and a search area with the text "Add a specific session to the left or search all sessions in 2".

Below these sections is a "Find Students" section with a dropdown menu set to "In the selected session(s) above". It includes a search input field labeled "Last or Surname starts with", a "Search" button, and a "Show all results" checkbox. A yellow tooltip message states "This action clears the search and filters".

At the bottom left, there is a "Filters" section with a "Clear Hide" button and a "No Results" button.
