

# Select an Activity

---

Within the grade page you are presented several options. [Select a Grade](#), item, test, whatever it is that your program has assigned to you, and click to select it from the available options.

From the page for the grade, select from the provided tabs, which will offer options like these:

- [Train to Score](#)
- [Practice Scoring](#)
- [Qualify as a Scorer](#)
- [Review Scoring Progress](#)

Because the system is configured specifically for each customer, what you see may be different than this screenshot.
