Delete ProctorCache TestNav Configurations

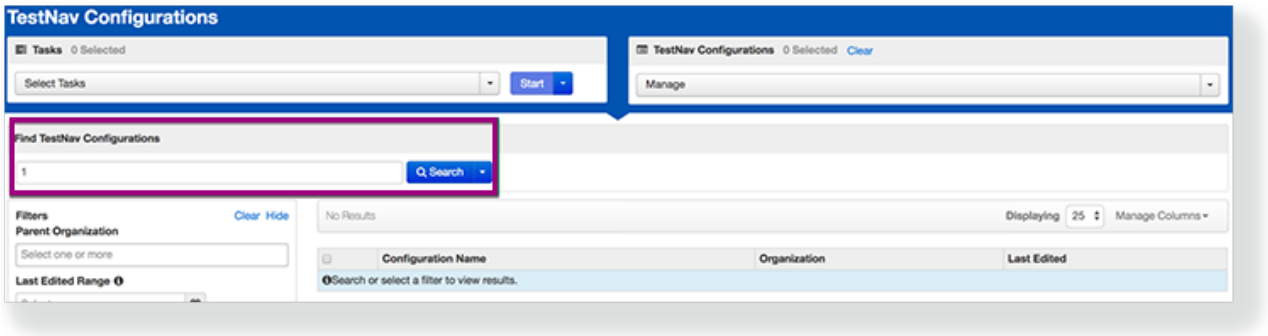

You can delete a previously used TestNav configuration when you no longer need to use it.

Step-by-Step

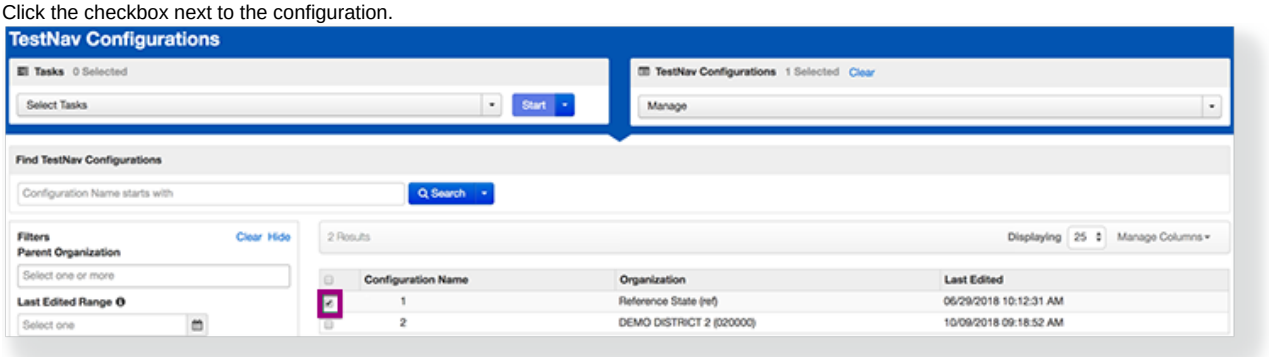

1. From **Setup**, select **TestNav Configurations.**

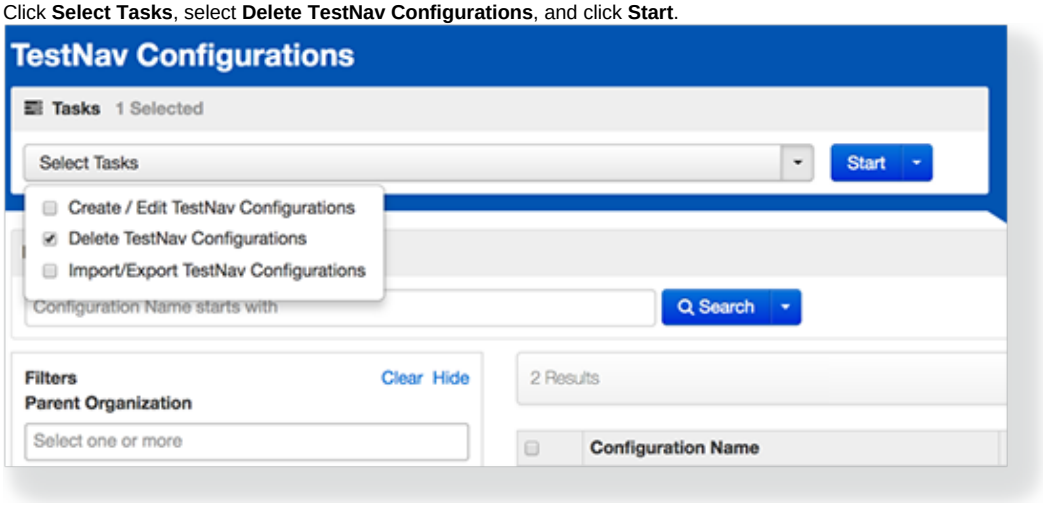

2. Type a configuration name into the search field, and click **Search.**

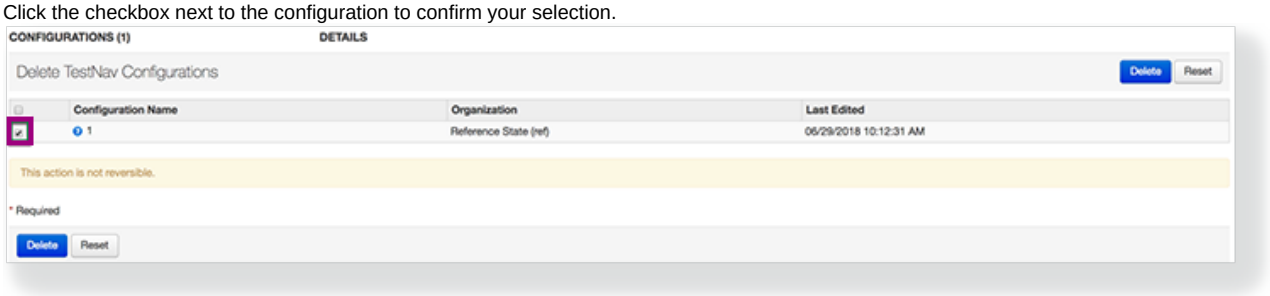

3. Click the checkbox next to the configuration.

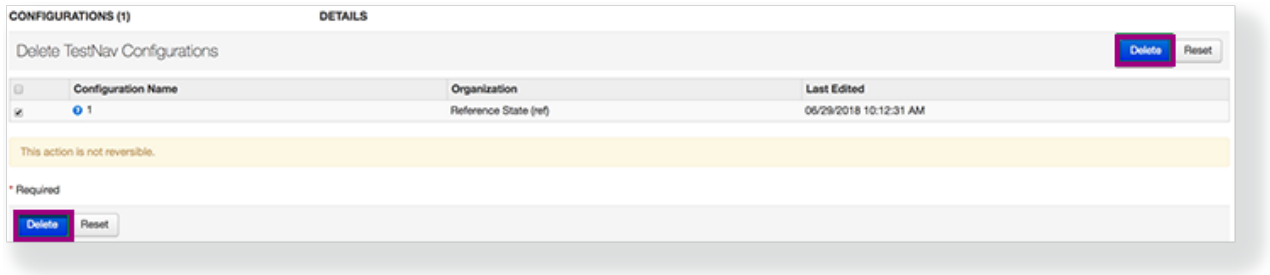

4. Click **Select Tasks**, select **Delete TestNav Configurations**, and click **Start**.

5. Click the checkbox next to the configuration to confirm your selection.

6. Click **Delete**.

Effects

After you delete a configuration, you cannot restore it.
