

Delete a Group

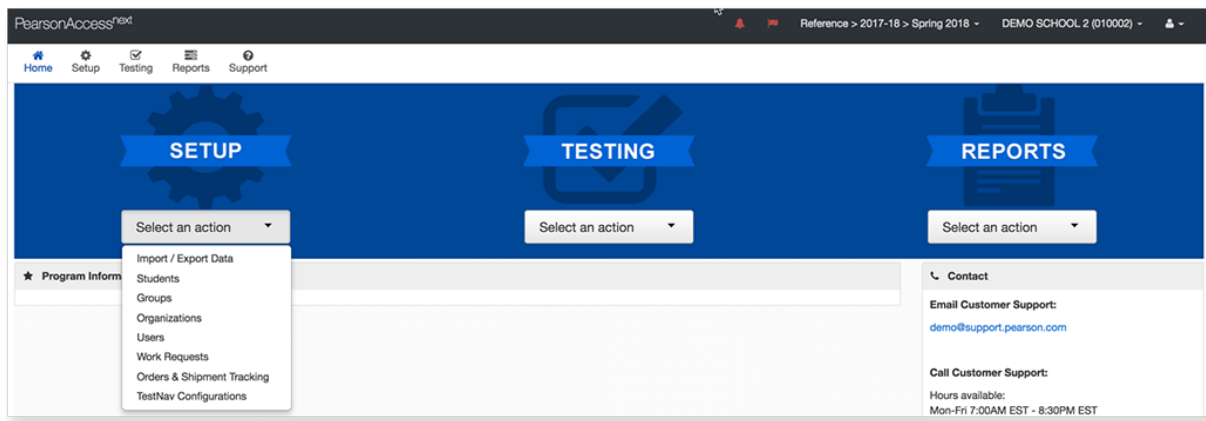

You can delete a group to remove the virtual student grouping assigned to a group. This deletes test data for completed test administrations.

Prerequisites

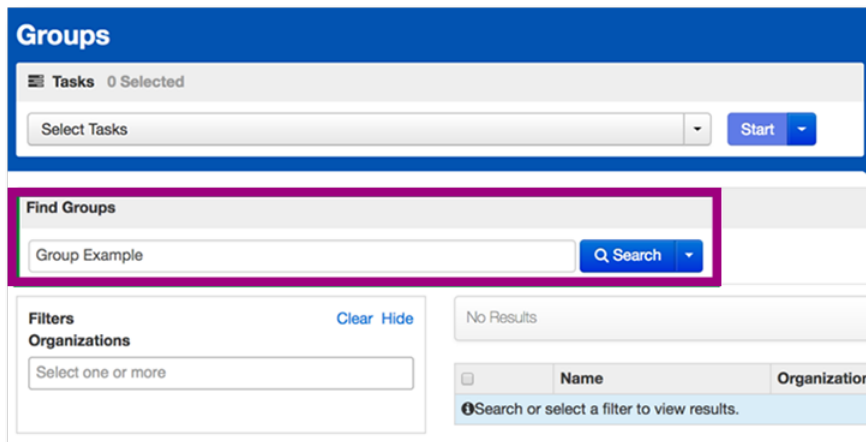

Before you can delete a group, you must first [remove all student tests from the group](#).

Step-by-Step

1. From **Setup**, select **Groups**.

2. Type a group name into the search field. Select the group(s) you want to delete

3. Click **Select Tasks**, select **Delete Groups**, and click **Start**.
