## **Change Your Organization and Test Administration**

You can select the organization/test administration to view and manage if you have access to more than one. The system displays the last viewed test administration each time you log in.

An organization is an entity (for example - a state, district, or school). A test administration describes when testing occurs (for example - Spring 2018).

## Step-by-Step

## **Change Your Organization**

1. Click the organization dropdown.
