

TestNav - iOS 10.3 (iPad 4) Support Ending 2019-2020

Technical Bulletin

Published: August 29, 2018

What is happening?

Pearson plans to drop support for iOS 10.3 (iPad 4) *at the start of the 2019-2020 school year.*

What does this mean?

This 2018-19 school year is the **last school year** students can test on iOS 10.3 and iPad 4.

What do I need to do (and how do I do it)?

Customers currently using iPad 4 for testing should plan to upgrade devices for the 2019-2020 school year.
